Representative Maggie Nurrenbern,

It is with pleasure that I announce that my Executive Board at The Kansas City Federation of Teachers and School Related Personnel has voted to endorse you. Your strong support of organized labor has not gone unnoticed by our members.

We desire to express our heartfelt thanks for your work with union families. Additionally, your steadfast support for Public Education is not only commendable but vital to its continued success.

The political attacks we face in Missouri are beyond conceivable. We are fortunate to have had the Supreme Court overturn 1413 but know more attacks on labor are certainly on the horizon. Having strong voices in support of education and labor are a must in order to attempt to combat the attacks on working citizens of our state. We are also extremely appreciative of your work on HB 1552 and Charter School Funding. This bill meant a lot to us and we are thankful for your steadfast support.

This of course means the work of winning in 2022 is vitally important to the success of working families. As a result, I have asked my Executive Board to not only endorse you but to contribute to your campaign. They responded in kind! Therefore, please accept the enclosed check as our first campaign contribution to your committee.

We are here to support you, and should you need any assistance in your victory please do not hesitate to reach out. I look forward to working with you and know you will be an amazing advocate for working families of labor both next session and after your re-election in November if 2022.

In Solidarity

Jason M. Roberts
President
